

Tips for Objective Type Exams

Change Mental Concept

- Change mental mind set become American first. Here in America, people treat by the authorized way, there is American culture way too.
- Before Start the exams, take a deep breath and focus on the exams only not on the environment, others people attitude. Concentrate on the exams and questions. Remember you are giving 3/4 hours dedicated time. Success on the exams will/may give you better situation/life.
- Reading: Read the text/paper thoroughly. You can use Flush Technique i.e. go through reading first and then read second time this time try to memorize it. This technique will give you help in exam. It was experienced that people memories more when they see/read second times. However, memorizing technique varies people to people. You need to use your comfortable one.

Questions Areas Consist (Usual Cases - most of the time):

- Memories, IQ test
 - Academic and Mathematic
 - General Knowledge
 - * Job related
 - * Strength of English Language
 - * Administration Public Relation.
1. Prioritize your comfort zone areas where you believe you have good strength.
 2. Allot time for each question and manage it and Try to answer all questions within the stipulated time. Utilize full allotted time on the exam. Do not leave early. If you have time please review the answer.
 3. If you feel uncomfortable with any questions then leave that for some time and come back later to answer.
 4. Answer easy one first which are in short sentence and short word or follow your comfortable zone first. All paragraph questions leave to do last because you need to read and find answer which takes time.
 5. Visual one: Scan Photograph first second Try to see everything small/details. Try to look the clue/photograph, signboard, attitude, acting etc. Memories and do correct answer.
 6. Define Positive and Negative word in between line which is given as clue/punch word or important one. **Positive Words:** Most, Nearly, Mainly, Wise, Likely, Best, Except, First, Usually, Primarily, Alternative, Principal, Solely, Inversely, Nearly, Generally, Must and many more. **Negative words:** Poor, Least, Last, Not, Undesirable, Don't, Unwise etc
 7. Spot these punch words which are in **Bold** format and prepare answer according to the punch word. Example: Questions will be which one is the most suitable or which is the least preferable. Always mindful of these punch word.
 8. When you have doubt in answer, then you may follow the elimination process. How; write in the loose paper (given by the authority) ABCD first and from the 4 answer, first take out/cross out the least appropriate 2 answers. Now you have most possible 2 answers and out of this 2 answer 1 is correct. Read second time and circle the most appropriate one which one you think the correct answer. Follow TV series example
 9. Find correct answer from the questions: In some questions you can find only one answer carried word from question. i.e. match with sentence.
 10. Do not make answer from your own mindset while you are answering legal type questions. Most of the cases you can find answer on given text/example.
 11. If you are in hurry or shortage of time still suggest to answer all questions (even you have to put just tick mark then do it = it is worthwhile put something rather than nothing.

12. When you revisit the answer, do not change the previous answer easily. Check twice to cross the previous answer. Because trend shows that the first gaze most time is correct.
